## PRESIDENTS MESSAGE

BY MARTYN WHELLER

### PRESIDENTS MESSAGE

Well as you can see we have reverted back to our old newsletter format, with a new editor. The reason for the change was that the British Marque just took to long to arrive in members mail boxes. I talked with the circulation department and the post office, but unfortunately delivery times were not speeded up. So at last months meeting we went back to the old format. I would like to say a very big thank you to Tom Piper who stepped up and took over the editorship of the British Wheels. Tom I thank you very much.

Well, the other news I have is that unfortunately I am resigning as Club President. I do this reluctantly, but it's necessary. As of November 1<sup>st</sup> I will be leaving the Military and returning to the Mainland. My family will stay in Hawaii until next March. So I will be coming back and forth to visit them.

Even when I return to the Mainland I will continue to support the club by becoming a long distant member. I think that the BCCH is a great little club. I will miss all my friends that I

have made over the last 2 years. I do hope that members will keep in contact by phone, letter, and e-mail. If there is anything that member's need from the Mainland I will be happy to try and accommodate them..

I would like club members to contact me with their ideas on who they would like to see as the interim President. This interim President will serve from November until the new elections at the end of December.

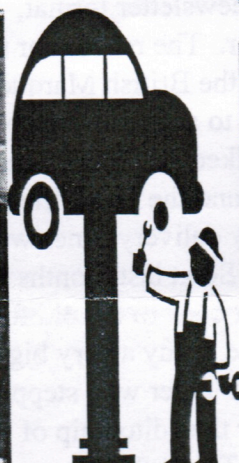

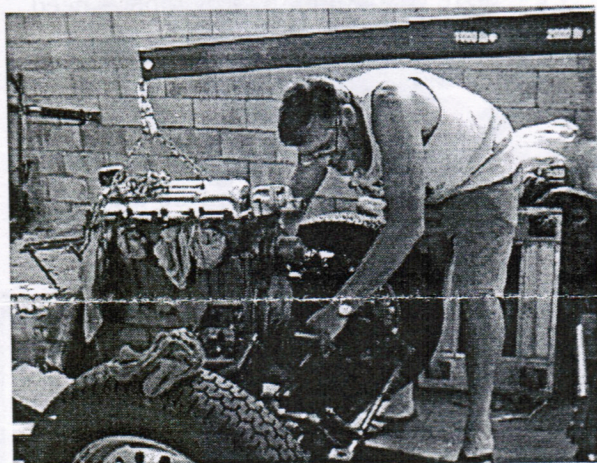

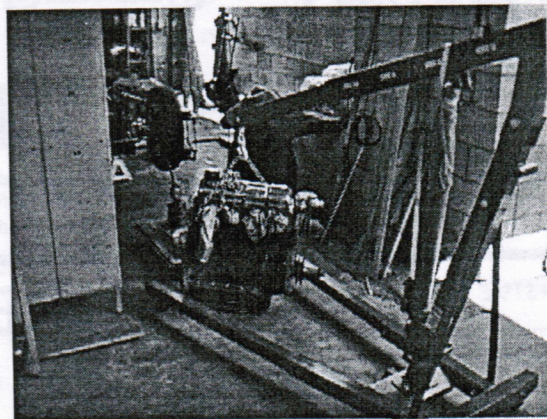

I will be hosting the Tech Session on August 30<sup>th</sup>. The race is now on to get the 'B' finished so I can ship it back with me. I will be unveiling the new engine at the Tech. Session. Work remaining is to rebuild the Webber carb, adjust the valves, fit the new clutch and transmission, install new engine mounts, and then drop the engine back into place. So if you would like to attend, please give me a call or e-mail so I can get you onto the base at Barber's Point. My new e-mail address is mrmgb@yahoo.com, phone number 682-8007.

September 20<sup>th</sup> brings our Round Island Rally. I am still working out the last few bugs. CONT PAGE 3

## TECH SESSION

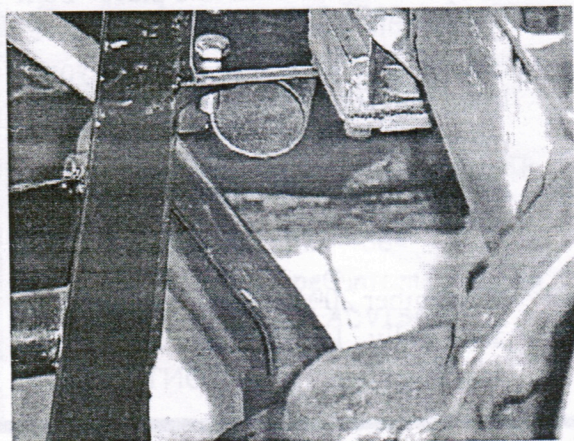

THE JULY TECH SESSION WAS HELD AT TOM PIPER'S HOUSE AND WAS SUCCESSFUL, SORT-OF. JERRY SHOWED UP RIGHT AT TEN AND HE AND TOM INSTALLED THE ENGINE/TRANNY IN THE TR3B. AFTER THE WORK WAS DONE PETE AND ROB SHOWED UP IN TIME TO EAT. IT WAS DECIDED THAT PETE SHOULD DO THE HONORS WITH THE BARBECUE AND DID A GOOD JOB. ROACHES AND ALL. DURING THIS TIME WE TRIED TO FIGURE OUT WHY THE REAR END LOOKS KAPAKAHI. SEE PICTURE. WE DID GET TO USE TOM'S NEW ENGINE LIFT FROM COSTCO. A GREAT ITEM FOR WORKING ON CARS.

MORE FOOD AND DRINK THAN PEOPLE. THAT'S OK WE HAD FUN AND MARY BACON CAME BY ALSO.

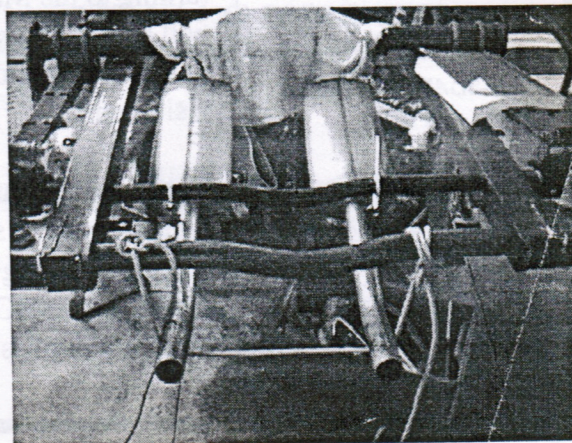

## RESTORATION CORNER

TRYING TO PUT TR4A DUAL EXHAUST ON A TR3B CAN BE TRYING. IT JUST DOESN'T LINE UP AS EASY AS ONE WOULD THINK. BUT ITS FUN TRYING. SEE PHOTO.

NEEDED A GOOD PIPE BENDER FOR HEADER TO TAIL PIPE.

BUT IT WILL LOOK NICE WHEN PAU.

**AUGUST 11TH GENERAL MEMBER MEETING**
